

An Yan (Mason)

1. Why do you want to join DASB Senate, and what do you hope to achieve?  
I want to join DASB because this is an opportunity for me to give back to the school. At the same time, I met many excellent student leaders at DASB, which gave me a huge influence. I hope to work with them in the future to make our campus better. Finally, as a minority student, I know that many minority students lack the chance to express their views on campus construction. I hope to represent them and contribute to our school.
2. What are some skills and experiences that you will bring to the DASB Senate?  
First, I have good time management skills. I chose 6 courses last quarter and also worked as a tutor for 10 hours a week at the Student Success Center. In addition to these, I also worked as a volunteer for 2 hours at Stanford Hospital. Despite the tight schedules of each day, I managed to complete all the tasks. Second, I like to communicate with strangers. As a student senate member, listening to the opinions of other students is one of the most basic tasks, which is exactly what I like to do. Finally, I have good resistance to stress, which means that I will not back down in the face of difficulties. I have just arrived in the United States for a year, but I have adapted to life here. Although I have encountered many difficulties during this period, I have persisted and found a solution to the problem. I believe that I am qualified to work as a member of DASB Senate.
3. What other commitments do you have and how will you manage your time?  
I only have three classes this quarter and there are no other activities. Therefore, I can devote myself to the work of DASB.
4. Additional comments  
Through the survey, I found that most of the students felt that the school did not have enough financial support for clubs and asked for more funds. I feel that ICC should expel some unqualified clubs, and allocate more funds to effective societies.
