SEPTEMBER 2017

JUNE 2017 MEXICAN FIESTA BBQ PICNIC

Hola! On June 15, we had a fun-filled, relaxing picnic at Cuesta Park in Mountain View. Retirees reconnected with old friends they had not seen in years. The weather was perfect, with plenty of sunshine and a balmy breeze, and we all had a wonderful time (see pictures p. 10). David “Obie” Obenour found a great Mexican restaurant, and we brought in trays of hot food: grilled fish, shredded chicken and meat tacos, veggie fajitas, rice, and refried beans. Plates of cheese, tomatoes, and onions, along with bottles of taco sauce, were

spread out to embellish the tacos. The tasty meal finished up with cake and cookies for dessert. There were four types of beer, sodas, water, and lots of wine: 10 bottles of red and 12 bottles of white! I believe only a few bottles of wine and a few cans of beer and soda were left. As the picnic ended, some of the unopened bottles were given to folks who helped cleanup the tables and area.

For the 2018 picnic, we plan to come up with a different theme and a new enticing menu to encourage even more retirees to attend. If anyone has suggestions, please email me (pacciorettimike@sbcglobal.net) or another board member (see p. 2) the theme and/or type of food so that it can be presented to the board for discussion. I’m looking forward to the 2018 picnic, which will be held on Flag Day Thursday, June 14. Thank you to those who attended this year’s Mexican fiesta for making it a big success. I hope to see more retirees next year—as I always say, the more the merrier! Again, a big high five to Obie for a job well done!

Mike Paccioretti

UPCOMING OCTOBER PIZZA “THING”

Because FODARA has been hosting the Pizza “Thing” for many years, it gets harder to think up original copy to announce this event. So, please just come! Since it’s right before Halloween, a few folks dress up in crazy costumes, and that’s always entertaining. Plus it’s fun to see old friends as they get older. As usual, “valuable” door prizes will be raffled off to very lucky people. Last year we had more winners than attendees! We will meet in our custom-decorated private dining room at Tony & Albas in San Jose, and, for a mere \$12, you get “The Deal” (the same deal as last year, which makes it a *real* deal): *Tony’s Special Pizza*, *Diana’s Chicken Pizza*, and their famous vegetarian *Keep Fit Pizza*. Also included is Italian garden salad, focaccia bread, soft drinks, and ice tea. Wine and beer can be purchased at the bar. To join the party, please mail the reservation form on p. 13, along with your check made out to FODARA. Your \$10 membership dues and a scholarship donation are also appreciated.

FODARA NEEDS YOU...AND YOU...AND YOU!

DWINDLING FUNDS AND MEMBERSHIP DRIVE!

Except for minor expenses, all FODARA dues and scholarship donations go directly to the Foothill-De Anza Foundation, which processes scholarship applications and make awards in the name of FODARA. In 2015-16, FODARA collected \$1,770 in dues, \$3,750 in scholarship donations, and wrote a check for \$6,000 for student scholarships. In 2016-17, we collected \$770 in dues and \$2,346 in scholarship donations and funded \$5,000 for scholarships. For 2017-18, the Board allotted \$4,000 for scholarships. Clearly the numbers are dwindling!

Thus, at this year's first fall Board meeting, the decline in funds and in membership was front and center on the agenda. Fewer and fewer retirees attend annual events, and two longstanding events, the February Valentine Luncheon and the spring golf tournament, are no longer being scheduled. We want and need more members to continue our remaining social events—the Pizza Party, Holiday Party, spring Picnic, and summer Baseball BBQ—and to increase dues and scholarship donations. Clearly a membership drive is necessary!

FODARA is counting on you to help find ways to boost membership. Please attend an upcoming Board meeting to share your ideas on what we can do to grow bigger and better. Or email your ideas to Mike Paccioretti or any Board member (see p. 2 for calendar and email addresses).

PARTY IDEAS!

Though membership is indeed waning, the FODARA Board would still like to reinstate the tradition of a social event in February or March—so your feedback is requested!

What would you like to do as a fun and worthwhile winter gathering? To start the ideas flowing, here are a few suggestions: a wine tour or tasting competition (guess the type of wine/price); a volunteer project/neighborhood clean up day (local Habitat for Humanity?); a movie or theatre night (the San

Jose murder mystery dinner show?); or a “tournament of champions”---at bowling, pool, bocce ball, cards, or board games (scrabble, boggle, or trivial pursuits).

Please share your ideas for a new event and/or on the suggestions above by attending the November 7 Board meeting or by emailing Mike Paccioretti or any Board member (see p. 2 for email addresses).

OPEN ENROLLMENT: SEPT 11 - OCT 6

Retirees Eligible For District Health Benefits (Hired Pre-1997):

CalPERS Health Benefit Open Enrollment will take place September 11 through October 6, 2017. During this time, changes to benefit coverage can be made. For those not making changes, nothing needs to be done: the current benefit options automatically roll over. This enrollment is for coverage during the 2018 calendar year, beginning January 1 and ending December 31. Open Enrollment materials and information on health plan options were available through members' my|CalPERS accounts August 28, 2017. Informational packets for CalPERS medical benefits should have been sent to all eligible retirees at their home address in late summer. CalPERS encourages retirees to make any desired changes online. Reminders: CalPERS remains the Plan Provider, qualified retirees may enroll in any plans available in their geographic area, contribution rates for health benefits for 2018 will be the same as for 2017.

As noted in previous issues of *After-Words*, for eligible retirees on Medicare and living in California,* there is a significant cost savings if they opt for the PERS Select plan instead of the PERS Choice plan (* *the Select Plan is available only in California*). What explains the savings is, since both plans are Medicare supplemental (secondary) plans, they have the same coverage. Important caveat: A Medicare-covered retiree with a dependent may choose only one plan for both participants. If both are on Medicare, choosing PERS Select over PERS Choice saves over \$1,000 per year. But, if the dependent is not Medicare-eligible (what CalPERS calls "Medicare and Basic" coverage), though choosing PERS Select for both lowers the yearly cost, the Basic member has a smaller network and more restricted coverage than with the Choice plan.

Retirees Not Eligible for District Health Benefits (Hired Post-1997)

Medicare-eligible retirees who don't qualify for District benefits may still want to review the CalPERS supplemental Medicare plans as their rates are very competitive. Those interested can contract directly with CalPERS for coverage. Qualified retirees may also participate in the District's Bridge Program.

HEALTH BENEFIT UPDATES: 4 ITEMS

Below are updates from the June through September Joint Labor Management Benefit Committee (JLMBC) meetings.

1. CalPERS Final Renewal Rates for 2018

a) Options for employee contributions

Lockton distributed spreadsheets of the final numbers provided by CalPERS with three options for employee contribution rates. CalPERS rates for 2018 increased by only 1.2 percent, with a hit to the Rate Stabilization Fund (RSF) of \$328,130.

The first spreadsheet left the employee/retiree contribution rates the same as 2017. The Association of Classified Employees (ACE) recommended

JLMBC adopt this option, and the other groups agreed. FA requested the rates for PT faculty remain the same for 2018 as well, adding a cost of \$59,000 to the RSF. Again all groups agreed. So, good news: there will be no employee contribution rate increase for 2018.

b) CalPERS New Plans and Rates for 2018

• New HMO Plan: Western Health Advantage

Western Health Advantage is mostly in the North Bay. Contribution rates are similar to the current Kaiser Plan so the Committee agreed to use the Kaiser employee contribution rates for anyone signing up for this new HMO.

BENEFITS CONTINUED

- **New Medicare HMO Plan: Anthem Traditional**
The new Medicare HMO plan costs and contribution rates are similar to the current HMO Traditional Plan available to actives/early retirees. The Committee agreed to use these contribution rates for anyone signing up for this new Medicare HMO Plan. Lockton received this information two days before the meeting so will research if this new HMO Medicare Plan is similar to the UHC Medicare Advantage Plan currently in place and send this information to the District for distribution.

2. CalPERS Plan Changes for 2018

CalPERS' goal is to improve the long-term health benefits sustainability by ensuring high quality, accessible, and affordable health benefits. Following are the five changes approved for 2018 PPO Plans:

- a) Expand the Value Based Purchasing Design Program, which promotes the use of Ambulatory Surgery Centers (ASCs) instead of hospitals for certain surgeries, by adding these twelve procedures (currently ASCs are encouraged for only colonoscopy, cataract, and arthroscopy):

- Upper GI Endoscopy with Biopsy
- Laparoscopic Gall Bladder Removal
- Upper GI Endoscopy
- Esophagoscopy
- Sigmoidoscopy
- Hysteroscopy Uterine Tissue Sample
- Nasal/Sinus Submucous Resection
- Tonsillectomy/Adenoidectomy under age 12
- Nasal/Sinus Corrective Surgery
- Lithotripsy
- Hernia Inguinal Repair
- Repair of Laparoscopic Inguinal Hernia.

- b) For injectables-- e.g., flu/shingles shots-- encourage use of and/or expand Care Management sites at Medical Pharmacies.

- c) Reduce use of Emergency Room for Urgent Care.

- d) Continue/Expand PPO Purchasing Tools:

- Castlight--Cost education tool for medical procedures;
- Welvie--Education on preference sensitive surgeries.

- e) For those Medicare eligible, encourage participation in the Silver Sneakers Program (wellness/fitness program for older adults).

3. Universal Life Insurance (ULI) Option

The Committee discussed whether to offer this voluntary program to its members. FA would like the plan offered to all part-time faculty with re-employment preference and with 50 percent or higher load. Lockton will get back to the Committee on this matter after consulting with TransAmerica.

4. Post-'97 Bridge Program

The unions previously proposed all post-'97 employees who participate in the Bridge Program have their District contribution tied to Range M/Step 8, the same as for managers. Now, however, the District contribution is tied to the highest step and column of each employee group's salary schedule. The District will work towards this goal, but the current agreement is the unions receive \$400 per month per retiree, \$800 per month per retiree plus spouse, up to the date of Medicare eligibility. The amount is less than what managers currently get (\$451 per month) but a major improvement.

The unions also proposed the Bridge Program be portable, that eligible employees could receive the benefit even if not enrolled in CalPERS plans since other plans could be less expensive. The District responded it is not interested in the idea at this time due to the extra work required for tracking individuals.

Tom Strand, Faith Milonas
FODARA Benefits Representatives
StrandTom@fhda.edu
MilonasFaith@fhda.edu

2017-18 FODARA BOARD

The 2017-18 FODARA Board Officers keep the status quo: Michael Paccioretti, President; Tom Moore, Past President; Bill Lewis, Vice-President; Ed Burling, Treasurer; Tom Roza, Secretary;

Janice Carr, Claudette Penner, Bob Hubbs, Members at Large; and Cindy Castillo, Member at Large and Webmaster.

If you are curious about how FODARA works or have ideas to share on increasing membership, new events/activities, or other projects, please come by and join a meeting (see p. 2 calendar). Being a volunteer Board Member is a great way to reuse/recycle your organizational and managerial skills, meet new people, and help all retirees keep informed and involved.

GOLD CARDS

Retirees can get new or replacement Gold Cards at the Photo ID Office of either campus. The card provides many benefits:

- ❖ Free admission to home sports events at Foothill and De Anza
- ❖ Free or reduced admission to selected cultural events at both colleges
- ❖ Use of the both college libraries
- ❖ Free parking permit for both campuses (through Campus Police office)
- ❖ FODARA online newsletter and other communications from the District
- ❖ Self-service access to the District Portal to update contact information
- ❖ Discounts at See's Candy and Hobee's Restaurants (where participating)

NEW RETIREES

The online District Board meeting minutes listed thirteen people retiring by the end of Fall Quarter 2017 (apologies if anyone was inadvertently included or excluded):

- ✚ *John Cognetta, DA Student Services*
- ✚ *Daniel Dishno, FH OTI*
- ✚ *Richard Hansen, DA PSME / FA President*
- ✚ *Nicholas Huynh, DA Student Services*
- ✚ *Paula Joseph, DA College Operations*
- ✚ *Robert LaTone, DA College Operations*
- ✚ *Lester Lyons, Central Services*
- ✚ *Victoria Moreno, DA Counseling*
- ✚ *Jo Ann Okabe-Kubo, DA IIS*
- ✚ *Margo Raff, DA Counseling*
- ✚ *Doris Spangood, DA Bio, Health, & ES*
- ✚ *Kay Thornton, FH Fine Arts*
- ✚ *Rebecca Urrutia-Lopez, FH DRC*

We wish all retirees a happy and healthy post-employment life and invite everyone to join FODARA by signing up for the email listserv (send email to cindycastillo@comcast.net), by

serving on the FODARA Board or a committee, by volunteering to help plan/set up a social event, or by simply attending one or more of the great parties scheduled throughout the year! (see p. 2 calendar and committees).

IN MEMORIAM

Jeanne Bergendahl

Ron Bottini

Claire Davis

Joe Gallo

Dave Paulsen

FODARA STUDENT SCHOLARSHIP WINNERS

For 2016-17, FODARA was able to award only four \$1,250 scholarships; we hope the inspiring stories below will encourage folks to make a scholarship donation for 2017-18. Below are brief summaries of the winning applications; the entire student essays are available to read at www.deanza.edu/fodara/scholarships.html.

DE ANZA STUDENTS

Graciela, Liberal Arts: Graciela, the first generation Latina in her family to pursue higher education, hopes to inspire other students to understand her culture and to change common stereotypes of Latinos. She strongly believes a community of Latinos students must be established to help alleviate feelings of isolation and provide hope for a better future. To that end, she leads groups who share information about opportunities and resources for minorities, specifically Latinos who often are not motivated to go to school. She also helps high school students in her community with their academic work and advises them on how to be successful in college. In her view, Latino students need personal insight from people who understand their culture because the community they live in may not provide resources or inspire them to continue education beyond high school. She knows their stories because she has lived, and is living, through the same situations and challenges. By being an advisor, she will inspire students to seek out and be successful in higher education, thereby breaking past generational cycles that limit opportunities for Latinos.

Koorosh, Biological Sciences: Moving from Iran in 2014 was a major step in Koorosh's life. It then took his family over two years to get approved, and during this time money was scarce. Though he didn't know when or if he or his parents would get

work permits, he immediately he enrolled at De Anza. For the next several years, his family's status was uncertain so he was ineligible for financial aid and had to pay international student fees. Koorosh initially thought engineering would be his career. In Iran, his father was a mechanical engineer and his mother has a physics degree. But he soon realized engineering wasn't his passion. A part-time job at a pharmacy led him to biochemistry. He became fascinated by the work and spent time researching the diseases the customers dealt with and medicine in general. Talking to customers gave him a glimpse into their lives, and he wanted to do more to help. He started biology classes the following quarter and memories of customers helped him to overcome the difficulty of the courses, especially the English barrier. He found the microscopic world fascinating, especially how it interacts with chemistry and physics. He began volunteering at a hospital to learn how this microscopic world affects people's lives and to help the community. He also became a teaching assistant in biology classes to gain more knowledge by listening to the instructors and helping the other students; answering their questions made him more curious about the core functions of biology. After finishing his lower division classes successfully, he will be ready to pursue his goal of one day conducting research. As of now, he has a GPA of 3.86 and wants to transfer to UC next year to further his education and follow his dream of finding a cure for cancer.

FOOTHILL STUDENTS

Missy, Psychology: Foothill College opened the door for her to make a difference in the world while earning a higher education. She has grown not only as a student but also as a person for the better. Her early life was extremely challenging. Her father died, her mother

needed two jobs to make ends meet, and many nights she and her brother did homework by candlelight—having a roof over their heads was more important than having electricity. From eleven on, after she got involved with street gangs and was sent to juvenile hall, she was in ten different group homes and twelve different schools. At eighteen, released from the system, she had nowhere to go and no real skills to survive but did not let that stop her. She worked two jobs and saved enough money to earn a high school diploma, the first in her family. Foothill has also given her the opportunity to thrive as a leader. She is a Student Ambassador with the Community Ambassador Program and a Peer Advisor with the Foothill Outreach Department. She started organizing events in her community to give back to the homeless. This March she will begin teaching art classes to incarcerated girls with the Art of Yoga Project, so one day she can open a group home with an Art Therapy Program for troubled youth. She is a Psychology major with a 3.6 GPA pursuing a career as an Art Therapist. In Fall 2018, she plans to transfer to UC Santa Cruz, where she will become one of

the 3% of former foster youth to complete a college education.

Matthew, Engineering: Matthew's goal is to earn an Associate of Engineering degree then transfer to a four-year college to pursue a Master's Degree. Always dreaming of becoming an Electrical Engineer, he had to overcome many obstacles along his journey. He grew up in a small Utah town in an unconventional family that discouraged interaction with the outside world. He and his siblings were homeschooled, at times all on their own, using what he now views as outdated and limited materials. At twelve he had to work full-time at his father's construction company but was determined to continue learning. At twenty-three, he left Utah to find work and over time managed to earn a G.E.D. He eventually settled in San Jose and is excited to be attending college classes. He is very positive about the future and intends to work hard and be involved in the community. One of his goals is help other people who grew up like he did because he believes everyone should have access to higher education. He is hopeful that he will make a positive impact and help the world become a better place.

After reading the extraordinary full-length stories of the four scholarship winners on FODARA's website, check out the "Good Books" webpage (www.deanza.edu/fodara/books), which lists recommended reads from retirees. You can submit your recent favorites by

emailing the title, author, and a brief synopsis to Webmaster Cindy Castillo (cindycastillo@comcast.net). Of special note is that Tom Roza, FODARA's Secretary, just published his historical novel about the American Civil War entitled *Windows to the Past: A Virginian's Experience in the Civil War* (available in hardcopy on Amazon and e-format from Amazon and Kindle). The book portrays a man's journey through one of the most turbulent, yet fascinating, periods in the history of our country. The main character's life story, told to his great-granddaughter, embraces the meaningful periods of his life from childhood to twilight years as he searches for the answer to this question: "*Did I make a difference in the lives of the people I touched and loved?*" Roza hopes his storytelling efforts regarding family, friends, dealing with conflict, and finding peace of mind will resonate with readers.

WHERE ARE THEY NOW?

For this column to continue, more retirees need to participate! To be featured in a “Where Are They Now” profile, please email your responses to questions such as those below, subject to editing for space, and a photo to *After-Words* editor Linda Lane (LaneLinda@fhda.edu).

Margaret L. Jackson

Q: What was your former position(s) and why/when did you retire? A: I was John Freemuth’s secretary starting in 1963 at Foothill then transferred to De Anza College in 1968 as graphic artist in the audio-visual department. I retired in December 1989 and moved to Sedona, Arizona, where I still reside. If you look up images of Sedona on Google, you will understand why I love it here.

Q: How do you keep busy--interests/activities you enjoy? A: I am grateful for my graphics arts training (University of Denver, BFA 1962), which has allowed me to create fourteen books. Many are 8x10 in size, 150 pages, and contain photographs of nature, my travels in the American Southwest, abstracts, and famous quotes. The latest two are *Glorious Grandeur, Volumes I and II*. Though my books can be found on Amazon, if interested in purchasing one, please order it directly from me, and I will sign it for you! Contact me at mljackson@esedona.net or 928.282.2322.

Q: What words best describe your life? A: I am still a single lady who turned 80 in July. I can’t believe it-- I think I am still 50 . . . if you know what I mean!

Chuck Lindauer

Q: What was your former position(s) and why/when did you retire? A: I was the CTIS Dean at Foothill College for twelve years then ran the PSME division for three years. I retired in 2009 to pursue other options. I started a database design business.

Q. Describe your first years in retirement—“smooth sailing” or an adjustment? A: Retirement went well since I mostly was involved in database design for non-profits like MTC, LA Community foundation, WomenSV, and a few others. I enjoyed (and still enjoy) this work.

Q: Where do you now live? A: I stayed in Los Altos.

Q: How do you keep busy--interests/activities you enjoy? A: Jogging, swimming, skiing, bike riding, as well as designing databases and helping my wife’s remodel business (IKB Inc) with her IT stuff.

Q. What words best describe your life? A: Busy, rewarding.

Q. What advice would you give to those considering retirement or newly retired? A: You don’t know what you REALLY want to do until you have time to do it. Be prepared to surprise yourself.

JUNE 2017 MEXICAN FIESTA PICNIC PICTURES

Thanks to everyone who joined us! And muchas gracias to Obie Obenour for coordinating this fun event. If you have photos you'd like to share from recent FODARA events, or noteworthy news of your colleagues, please email them along with a caption to Webmaster Cindy Castillo, cindycastillo@comcast.net.

AUGUST 2017 BASEBALL GAME AND BBQ

Three days before the annual FODARA outing to the San Jose Giants game, I realized San Jose State University and the University of South Florida would be playing a football game at roughly the same time! But happily, parking and crowds turned out not to be an issue.

By 4:00 pm, our group of seventeen FHDA retirees and invited guests were enjoying their BBQ meal!

By 5:07 pm, the time of the first pitch, most were at least heading to our assigned seating area. We usually are spared the hot afternoon heat but not this year: the temperature at the start of the game was a

blistering 98 degrees, and, with the sun beating down on us, it felt even warmer.

At the bottom of the 2nd, the Giants got a home run to take the lead 1-0. Alas, that victory did not last long, as the Stockton Ports scored 2 in the top of the 3rd to take a 2-1 lead. In the 4th, Stockton scored again but so did San Jose to make it 3-2 Stockton. In the 6th and 7th Stockton scored again making it 5-2. Then in the top of the 8th, San Jose committed an error and allowed a double and single and suddenly the score was 7-2. All but five of our group left. The rest of us considered leaving but hung around to the end. And thank goodness we did!

In the 9th inning, though Stockton fails to score, the San Jose came alive. First a double, then a fly out to right center, then a single, then a walk, another single, a wild pitch, a home run, an infield popup, followed by a double and an infield out (out #3). The game was suddenly tied 7-7.

Top of the 10th and no score by Stockton. The Giants lead off the bottom of the 10th with an infield out, followed by strike out. Next was a single, a stolen base, and another single, and the SJ Giants have won. You could not have asked for a more exciting game! With this win, the Giants took sole possession of second place in the Northern Division of the California League (but, sadly, a week later they were out of the playoffs).

Those of who attended had a great time: we got to catch up with former colleagues, the Giants won, and, by the 8:35 pm end of the game, the temperature was a mere 78 degrees. Please mark your calendar to come to next year's August ballgame/BBQ and, while you're doing that, pencil in all of the other upcoming social events!

Bill Lewis

FODARA PIZZA "THING"

What: Pizza Party!
Cost: \$12.00 for pizza, salad, bread, soft drinks (wine/beer extra)
When: Thursday, October 26, 3:00 – 5:00 pm
Where: Tony and Alba's Pizza & Pasta (408.246.4605)
 3137 Stevens Creek Blvd, San Jose
 (northwest corner of Stevens Creek and Winchester,
 next to BevMo and close to Santana Row)
