

## IPBT Summary of Discussion and Vote

- The district has asked De Anza College to identify \$4.5 million in "**collateral**" -- **potential** funds to be used in the event they would be needed due to a budget shortfall for 2021-22. The district has not asked for specific line items.
- The "collateral" may **not** be needed.
- The college's proposal was intentionally developed to **preserve permanent, filled positions** if funds are actually needed to meet a budget reduction.
- The proposal draws from **broad areas** in which funds **could potentially** be made available.
- **The proposal is subject to change** in the event of a budget reduction. **Some of the currently proposed reductions could be eliminated altogether.**
- **If** a budget reduction actually became necessary, IPBT would be given a reduction amount, and the opportunity to review, discuss and **provide input** on the detail and **consequences** of any budget reduction recommendations in the Instructional area.

### What does a "Yes" vote mean?

A "Yes" vote means you are voting to affirm that De Anza College has identified several broad funding sources in response to the district's request.

### What does a "Yes" vote NOT mean?

A "Yes" vote does **not** mean these exact funds will be used in the way currently represented. Again, all amounts are **subject to change**, and **some sources could be eliminated altogether**, in the event a budget reduction is actually required.

### What does a "No" vote mean?

A "No" vote means that you do not wish to send forward a proposal from IPBT to College Council and President Holmes. A majority "No" vote from IPBT means that, as president, he will make the decision based on the recommendations of other PBTs in order to respond to the district's request.
