

MATH 17 – Integrated Statistics 2 (Statway) - De Anza College - Spring 2017

Instructor:

Mo Geraghty geraghtymo@fhda.edu

Phone : 408-864-5383

Office: S49A

Hours: M 2:45 - 3:45 Tu 11:30-1:00 (in LCW 110)

W 2:45 - 3:45 Th 2:45 - 3:45

Course Materials:

- Integrated Statistics 2 Course Packet (available only at the bookstore)
- TI83/TI84 graphing calculator
- Website for possible other course materials: <http://nebula2.deanza.edu/~mo/> or <http://professormo.com>
- Carnegie Pathways account:
 - Log in to pathways.carnegiehub.org and create a new account
 - Request to be enrolled in the course with code '4JQN-PARO'
 - After you're approved to enroll, you will have a 4-week grace period to pay. You will use the access code that came with the printed materials.

Course Description:

This course is the second of a two-course sequence in the study of statistical methods integrated with algebraic tools to prepare students to analyze processes encountered in society and the workplace. This course covers statistical inference. Topics include point and interval estimation, experimental design and hypothesis testing. Students are expected to implement technology to perform calculations to organize data in order to make statistical conclusions. This sequence of courses is intended for students intending to transfer to the CSU system and who are not planning on majoring in a science, technology, engineering, or mathematics related discipline.

Prerequisite:

Satisfactory completion of Math 217 with a grade C or better.

Attendance & Classroom Policies:

Attendance is of utmost importance for success in this class. You are encouraged to attend every class meeting. Students are allowed a maximum of 5 absences. Arriving late or leaving early are calculated as $\frac{1}{2}$ an absence.

Grading:

• In-class Activities (35 pts)

Each class will have activities and exercises that are worked on in groups. Credit will be given for active participation in these activities. You must be in attendance to receive this credit.

• Take-it-Home (80 pts)

These exercises may or may not get completed in class and assigned for homework. These are due at the beginning of the next class. Take-it-home exercises will not be accepted late unless they are accompanied by a late coupon. You will be given 4 late coupons at the beginning of the quarter to use when needed.

• Checkpoints on MyStatway.org (35 pts)

Checkpoints are computer exercises that are delivered via MyStatway. Each day you should consider spending at least two hours on MyStatway.org. This will not only reinforce what happened in class but also prepare you for future class activities. Your completion of the "Learn by Doing, Did I Get It", and other exercises will prepare you to do well on the Checkpoints. The due dates for the checkpoints are listed within MyStatway.

• Exams (4 at 50 pts each)

4 in-class 1-hour exams will be given. **No make-ups will be allowed.** Your lowest exam score will be replaced with the equivalent percentage of the final exam, if it improves your grade.

• Labs (50 pts)

Lab classes will be held in the math computer lab: S44. You will use Minitab and other statistical software in analyzing data and learning statistical models. Computer labs can be done in groups and be turned in by the due date. **There is no credit for late labs.**

• Final Exam (100 pts)

The comprehensive final exam will be held on Tuesday, June 27.

Grading Weights & Policy:

Grading will be based on the following criteria. **Grades are not negotiable.**

*****Grading Scale (points)*****			Grading Criteria	
485 - 500 = A+	465 - 484 = A	450 - 464 = A-	In-class Material:	35 pts
435 - 449 = B+	415 - 434 = B	400 - 414 = B-	Take it Homes:	80 pts
375 - 399 = C+	350 - 374 = C	325 - 349 = D+	Checkpoints on MSW:	35 pts
300 - 324 = D	0 - 299 = F		Exams:	200 pts
			Labs:	50 pts
			Final Exam:	<u>100 pts</u>
				500 pts

Drop/Withdrawal Policy:

It is your responsibility to officially drop or withdraw the course if you choose not to complete it.

Last Day to Drop the course: April 19

Last day to Withdraw from the course: May 30

Classroom Conduct:

Human beings are not great at multitasking. Math requires singular focus. We will expect your full attention during lecture and class activities. Disruptive classroom behavior may include (but is not limited to) the following: talking when it does not relate to the discussion topic, sleeping, reading other material (e.g. newspapers, magazines, textbooks from other classes), eating or drinking, monopolizing discussion time, refusing to participate in classroom activities, texting, and engaging in any other activity not related to the classroom activity. Students who engage in disruptive classroom behavior will be warned by the instructor. If the disruptive behavior continues, students may eventually be dropped from the course. You are expected to turn off and put away your electronic devices. If your device causes disruption in any way, we reserve the right to confiscate it!

Academic Integrity:

Students are expected to be honest and ethical at all times in the pursuit of academic goals. Please see <http://www.deanza.edu/studenthandbook/academic-integrity.html>. Any instances of cheating or plagiarism will result in disciplinary action, which may include recommendation for dismissal. You are encouraged to work together on homework but simply copying down answers from another student's homework is not only wrong, but will be of no help to you on the quizzes and exams! Cheating on a quiz or an exam will result in getting a 0 on it, an F in the course or dismissal from the class. Also, each incident of cheating will be reported to the Dean of the Physical Science, Mathematics and Engineering Division for further action.

Disability-Related Accommodation:

If you feel that you may need an accommodation based on the impact of a disability, you should contact me privately to discuss your specific needs. Also, please contact Disability Support Services (864-8753) or Educational Diagnostic Center (864-8839) for information or questions about eligibility, services and accommodations for physical (DSS), psychological (DSS) or learning (EDC) disabilities.

Extra Help:

Do not wait to get extra help. Contact either instructor via email or in person. The Statway/MPS Tutorial Center is located in S41 and you may be able to get help there. You may also go to The Math Science Tutorial Center located in S43. Don't forget that your classmates are also a great resource.

Student Learning Outcomes (SLOs):

1. Identify, evaluate, interpret and describe data distributions through the study of sampling distributions.
2. Collect data, interpret, compose and defend conjectures, and communicate the results of random data using statistical analyses such as interval and point estimates, hypothesis tests, and regression analysis.

Math 17 - Integrated Statistics 2 (Statway) - Spring 2017 - Tentative Calendar

	Monday	Tuesday	Wednesday	Thursday	Friday
Apr	Intro 7.1.1 10	7.1.1 7.1.2 11	Lab 1 12	7.1.2 7.2.1 13	14
Apr	7.2.2 7.3.1 17	7.3.1 7.3.2 18	Lab 2 19	7.3.2 7.3.3 20	Sunday, Apr 23: Drop Deadline 21
Apr	7.3.3 7.3.4 24	Module 7 Review 25	Lab 3 26	Mod 7 Exam 27	28
May	8.1.1 8.1.2 1	8.1.2 8.2.1 2	Lab 4 3	8.2.2 8.3.1 4	5
May	8.3.1 8.3.2 8	Module 8 Review 9	Lab 5 10	Mod 8 Exam 11	12
May	9.1.1 9.1.2 15	9.1.2 9.2.1 16	Lab 6 17	9.2.1 9.2.2 18	19
May	9.2.3 9.3.1 22	9.3.1 9.3.2 23	Lab 7 24	9.3.2 9.4.1 25	26
