Student Learning Outcomes

Welcome! Here you will find resources about Student Learning Outcomes (SLOs)

Student Learning Outcomes Purpose Statement

The purpose of Student Learning Outcomes is to establish and institutionalize cyclical processes and procedures developed and driven by De Anza faculty and staff to define and assess specific observable characteristics or outcomes that demonstrate evidence of learning that has occurred as a result of a specific course, program, activity, or process. The college has created three assessment units:

- [SLO](#) - Faculty assessors, ie course and program level
- [SSLO](#) - Student support services, staff and faculty assessors
- [AUQ](#) - Administrative leaders, faculty and support personnel for administrative assessors

Expanded definitions and purpose statements can be found at [SLO Assessment Units](#)

Tracdat as a resource

The screenshot shows the Tracdat web application interface. The browser address bar displays the URL <https://deanza.tracdat.com/tracdat/faces/assessment/reports/adHoc.jsp>. The page header includes the Tracdat logo, a dropdown menu for 'Selected Unit' set to 'Dept - (B/CS) Computer Information Systems', and a user profile for 'goelmanish' with a 'Log out' link. A navigation menu contains 'Home', 'Program Assessment Plan', 'Course Assessment Plan', 'Assessment Data Summaries', 'Reports', and 'Documents'. The 'Reports' menu item is highlighted with a red starburst. Below the navigation, a breadcrumb trail shows 'Dept - (B/CS) Computer Information Systems > Reports > Ad Hoc'. A table lists several reports with columns for 'Report Title', 'Description', 'Data View', and 'Created By'. Each report entry includes 'run' and 'copy' links. At the bottom of the table area, there is a 'Create New Ad Hoc Report' button.

Report Title	Description	Data View	Created By
