| Program Review                  | D       | All         | The latest rendering of the program review was emailed to department chairs on May 29. Using this document we made some suggestions in wording of items referencing SLOACs and PLOACs. These will be sent to IPBT through Coleen by Monday, June 8.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
| 2015 Convocation                | I/D/A   | Mary & Toño | <p>Video from 2015 Convocation was viewed and discussed. We received the video of the entire morning program in Conference Room A &amp; B as well as a version edited by Tammy Ehle. This edited version includes from Toño's introduction through to the end of the student panel discussion. There is one part between Toño's introduction and when the panel is introduced that we decided to edit out. This would bring the length down to almost exactly 25 minutes.</p> <p>In addition we would like to pull out short clips for each program highlighted during the program: The Tobacco Cessation Program (Health Services), "Chill City" (Health Services), The Food Pantry (OTI), PLO Assessment for the P.E. Program, and Psychological Services. These clips could be linked to from the appropriate slide from the Convocation presentation already posted on the SLO website.</p> |
